MA and Russ—just reaching out with respect to this evenings threat. We had a measured response to the original threat from the onset of the call and continue post officers at each station. OCC has been monitoring social media with no additional concerns identified. I kept officers at the respective stations as a precaution to be evaluated in the am or until such time there is intel available to dispel any threat—hopefully [REDACTED] can assist.

I have appended the recordings of the threats for your review and consideration.

Cathy--FYI

Irate caller contacted OPS and spoke with PRU clerk ranting on issues around the Freedom Truck Rally schedule for this weekend. Further, should any officer be in his way he would shoot them with a 9mm hand gun. No information captured from system to identify suspect caller--no vehicle description provided.

At the direction of OC Harper, all stations were temporarily locked down for several hours, while information was simultaneously broadcasted internally to working sections for members situational awareness.
